DANCE TEAM SCORESHEETS

MA has added category specific shoresheets in team and officer competition for all 13 genres of dance. This will enable the judges to give a more complete and accurate critique. Sample scoresheets and category descriptions can be found at www.madance.com.

DANCE TEAM CLASSIFICATION

Changes in dance team sizes for public high schools over the past several years indicate that creating a 5th team classification and narrowing the range of the other four size divisions is necessary. Our team size classifications listed below not only provide a better model for comparing Public High School teams but also recognizes an additional Best in Class Team Winner. Public High School team size determines its competitive division at an MA Dance Regional or Classic Contest:

Small Team: 5-15	Medium Team: 16-25
Large Team: 26-35	Extra Large Team: 36-45
Super Team: 46+	HS Elite: 10-24*
HS Junior Varsity*	HS Coed*
HS Pep Squad*	HS All Male*

*HS Pep Squad and HS Junior Varsity members cannot also be a member of their school's Varsity Dance Team. Junior High/Middle Schools, High School Elite, High School JV, Pep Squad, All Private High Schools, Coed, and All Male teams as well as Junior High & All Star/Studio groups do **NOT** compete by team size.

In an effort to promote the male dancer in public schools and maintain fairness in competition, the following 4 team classifications have been established:

- ★ **Public HS All Male**
- ★ **Public HS COED**
- ★ **Public Jr. High/Middle School All Male**
- ★ **Public Jr. High/Middle School COED**

*COED will only apply to public schools that contain 25% or more male performers who are school certified full-time members of the dance team. All other public school teams containing less than 25% male certified members should register as a regular jr. high school/middle school or (by team size) as a small, medium, large, extra large, or super team for high school. COED and ALL MALE public junior high/middle school and high school teams will not be subject to team size guidelines.

Since Junior High & High School overlap the freshman year, 9th grade students may compete in either of these two divisions.

All Star/Studio Dance Teams' grade level of the **oldest** team member determines their competitive division. Neither team size nor gender will apply to this classification. The following system will apply:

Pre K - Kindergarten	Grades 1-3	Grades 4-6
Grades 7-9	Grades 9-12	
HS Grad+ (group includes at least one HS Graduate International (Non USA teams))		

Officer Lines will use the same division as their team. To qualify for a Sweepstakes Award at a Regional or Classic, the same set of officers must participate in each routine.

DANCE TEAM CLASSIFICATION

*HS Elite features the "premiere" performers in a separate division against other HS Elite teams. HS Elite squads may enter as many "team" routines as they wish and are eligible for all awards given at a Regional or Classic. HS Elite groups will be in competition with one another regardless of school or team size. Elite teams may not be composed entirely of officers, but they may participate as part of the team. HS Elite teams must be 10-24 members in size.
